

SCHEDULE B

Grantor certifies that at the time of the application to sell the development easement to the Grantee no non-agricultural uses existed. Grantor further certifies that at the time of the execution of this Deed of Easement no non-agricultural uses exist.

Grantor certifies that at the time of the application to sell the development easement to the Grantee and at the time of the execution of this Deed of Easement the following uses occur on the Premises:

Horseback riding lessons, boarding, training and schooling horses, in an arena and stalls, as depicted on the survey dated _____, prepared by _____.

Grantor further certifies that the above uses (hereinafter "equine service activities") are currently ancillary to equine-related production, including pasturing, horse breeding and hay production. "Ancillary" means that the area of land on which equine service activities are conducted is subordinate, secondary and auxiliary in comparison to the area of the farm devoted to equine production activities. Grantor understands and agrees that because the equine service activities are ancillary to equine-related production, the said equine service activities are deemed agricultural uses and are not currently subject to the restrictions placed on non-agricultural uses in Paragraphs 3 and 4 of the Deed of Easement. The areas occupied by equine service activities and equine production activities are depicted on the attached aerial photograph identified as Schedule B1.

Grantor also understands and agrees that if, in the future, equine service activities are no longer "ancillary" as defined above, then the equine service activities will be deemed non-agricultural and will be subject to the restrictions contained in Paragraphs 3 and 4 of the Deed of Easement.
